February 26th, 2025

Dear Valued Customer,

Effective on all shipments on or after April 1st, 2025, or as contracts allow, COIM USA, Inc. is increasing the selling prices of its Isoexter[®] aromatic polyester polyols as follows:

Isoexter[®] polyester polyols for rigid board applications: \$0.05/lb.

Isoexter[®] polyester polyols for spray foam and pour in place applications: \$0.05/lb.

This increase is needed to offset increases in the cost of raw materials.

We appreciate the business partnership between our companies, and your account manager will contact you shortly to discuss the specifics of this increase.

Sincerely,

Peter Campbell
