May 15th, 2026

Dear Valued Customer,

Effective on all shipments on or after June 15th, 2026, or as contracts allow, COIM USA, Inc. is increasing the selling prices of its Diexter-G Polyester Polyols, HS-Polyester Polyols, and Hydroexter Polyester Formulations used in CASE Applications by $0.15/lb.

This increase is needed to offset increases in the cost of raw materials.

We appreciate the business partnership between our companies, and your account manager will contact you shortly to discuss the specifics of this increase.

Sincerely,

Robert Tauchen
